

APPENDIX E

CAPABILITIES LISTING
Limited Powerplant - Turbine

CAPABILITIES LISTING

Class Ratings

5/05/2009

Airframe Class 3: All - Metal Construction of Small Aircraft
 Radio Class 1: Communications Equipment
 Radio Class 2: Navigational Equipment
 Radio Class 3: Radar Equipment

LIMITED POWERPLANT – TURBINE

<u>Manufacturer</u>	<u>Make / Model</u>	<u>Limitations</u>
General Electric	CF34, CJ610 Series	To perform TURBINE engine inspections, maintenance, operational checks, components replacements, compressor case corrosion inspection, hot section inspection and rigging in accordance with the applicable manufacturer's instructions, EXCLUDING complete engine overhauls.
Honeywell International Inc.	TPE-331 Series	To perform TURBINE engine inspections, maintenance, operational checks, component replacements and rigging in accordance with the applicable manufacturer's instructions, EXCLUDING complete engine overhauls. Removal / installation and minor maintenance of propellers.
Honeywell International Inc.	TFE-731 Series	To perform TURBINE engine inspections, maintenance, operational checks, component replacements and rigging in accordance with the applicable manufacturer's instructions, EXCLUDING major disassembly of the engine modules and/or tie shaft.
Pratt & Whitney Aircraft	PT6 Series	To perform TURBINE engine inspections, maintenance, operational checks, hot section inspection, component replacements and rigging in accordance with the applicable manufacturer's instructions, EXCLUDING complete engine overhauls. Removal / installation and minor maintenance of propellers.
Pratt & Whitney Aircraft	JT15 Series	To perform TURBINE engine inspections, maintenance, operational checks, hot section inspection, component replacements and rigging in accordance with the applicable manufacturer's instructions, EXCLUDING complete engine overhauls.

Approved: _____
 D.O.M. or Designee

CAPABILITIES LISTING (cont'd)
5/05/2009

<u>Manufacturer</u>	<u>Make / Model</u>	<u>Limitations</u>
Pratt & Whitney Aircraft	300, 500 Series	To perform TURBINE engine inspections, maintenance, operational checks, hot section inspection, component replacements and rigging in accordance with the applicable manufacturer's instructions, EXCLUDING complete engine overhauls.
Rolls Royce	250 Series	To perform TURBINE engine inspections, maintenance, operational checks, module and component replacements and rigging in accordance with the applicable manufacturer's instructions, EXCLUDING complete engine overhauls.
Rolls Royce	Viper 521, 522 & 601 Series	To perform TURBINE engine inspections, maintenance, operational checks, component replacements and rigging in accordance with the applicable manufacturer's instructions, EXCLUDING complete engine overhauls.
Williams International Company LLC	FJ33, FJ44 Series	To perform TURBINE engine inspections, maintenance, operational checks, component replacements and rigging in accordance with the applicable manufacturer's instructions, EXCLUDING complete engine overhauls.
